Founder -Inspiring Souls and DPS, Pune

Dear Sir,

Subject: Letter of Appreciation

“Next to excellence comes the appreciation of it”.

I wish to place on record my heartfelt gratitude to you for conducting an enlightening and edifying Workshop entitled “Teaching Excellence” for all the staff of Indian School Al Seeb, Sultanate of Oman on 30th and 31st May, 2014.

The workshop was an eye-opener to the staff to rediscover their pedagogical capabilities and rejuvenate their intrinsic skills so that they deliver their best in their class.

The anecdotes you quoted, the manner in which you kept the staff focused on the topic right till the end of the sessions and your very own inimitable, professional oratorical and symbolic way of communicating the core values and ideals of being an excellent teacher was very apt and cherished by one and all.

In a very subtle manner, you have been able to convey to the staff the essential ingredients of attaining excellence in classroom teaching by way of getting prepared before, during and after classroom instruction.

We are truly indebted to have your benign presence amidst us Sir. We look forward to your next session on “Teaching Quality Improvement Program (TeaQIP)” to be conducted in our school in near future.

Thanking you once again and wishing you all success in your noble endeavours.

Profound regards,

Nagesh Kelkar
Principal
